

Purfleet-on-Thames Community Forum

Annual General Meeting Minutes 30th January 2018

John Rowles spoke about 2017 being a busy behind the scenes year, about having represented the forum at a variety of meetings such as Planning, Road Users Group, Bus Users Group, Association of Forums and that a greater understanding of how to effectively object or support planning applications has resulted through attending Community Planning Forum meetings.

The regeneration's outline planning application is with the Council and the full application for Zone 1A should be submitted by mid-February. On 1st February an informal drop-in session is taking place which will include details of Zone 1A.
